Corrigendum

This Corrigendum relates to the 2025-26 Annual Report for the Director of Public Prosecutions and should be read together with and as part of the Annual Report.

Recruitment and Separation Rates

It was identified that the recruitment and separation rates reported in Table 26 on page 139 had been incorrectly calculated. The table has been updated to reflect the correct rates of **32.6%** for recruitment and **25.5%** for separation. No other workforce data is affected.

The revised data confirms that recruitment exceeded separations during the reporting period, resulting in net workforce growth.
